## **ERIE COUNTY JUNIOR FAIR SALES**

### SUGGESTED CODE OF ETHICS FOR SELLERS AND PARENTS

- 1) Offer a quality product for sale. Do a good job of feeding and caring for your animal/s and preparing your sale item.
- 2) Invite prospective buyers to attend this sale. Do not depend upon somebody else to do this.
- 3) When inviting a prospective buyer, ask them to come and support the sale. Don't insist that a prospective buyer must buy your animal/s or projects/s. Don't ridicule a buyer for not buying your animal/s or project/s.

- 4) Remember, buyers sometimes bid on a number of animal/s or project/s before buying. Sometimes, the bid goes beyond the limit set by prospective buyer.
- 5) Never criticize anyone for not buying your animal(s) or project(s) from your child. This action will do more to keep a potential buyer away from future sales than any other action you can take.
- 6) One buyer does not make a sale. Some potential buyers do a lot of bidding, but end up with no animals or projects. These people deserve a thank you also for their support of the sale.
- 7) Relatives or others should never attempt to run up the bid on buyer. This action can and often does set a poor climate for the entire sale and sales in the future years. The sale committee is attempting to run an honest sale and to get the highest dollar for each boy and girl.

## **LIVESTOCK PROJECT SALE RULES**

- 1) All members that sell any kind of animal through the Livestock Sale or Small Projects Auction must have attended a Quality Assurance Program offered by OSU Extension in order to sell their animal or project.

- 4) All Grand Champion and Reserve Champion market animals. **MUST be sold at the sale.**

- 5) Selling of Dairy Beef Feeder or Beef Feeder Champions will be an option of the exhibitor.
- 6) Exhibitors have one hour after their last livestock show to decide what animals will be sold and relay this information to the Sale Committee office.
- 7) A Commission will be charged for each lot sold for the purpose of advertising the sale, sale supplies, livestock buildings and equipment.
- 8) Animals that exhibitors wish to show at another fair or show should never go through the sale ring. Animals sold through the Erie County Junior Fair Livestock Sale change ownership when sold and are not eligible for any further junior show competition.
- 9) Approaching a buyer to buy back an animal to take to another show is an unethical practice. Those caught doing this can be banned from the Erie County Junior Fair Livestock Sale for up to five years, as determined by the sale committee.
- 10) Animal Drug Use Notification Forms will be collected Monday night at check-in. All forms must be turned in by 9:00PM. The following situations will apply:
  - a. Non-Terminal: (all animals, except swine) Any animals that have received treatment with which the withdrawal time will not have elapsed the day before their show, will not be able to show or sell. The exhibitor will be asked to take his/her animal back home.
  - b. Terminal: (swine) Any terminal animals that have received treatment with which the withdrawal time will not have elapsed the day before their show, will not be able to show or sell. The hog will not be permitted to leave the fair grounds. If the elapse time extends beyond the length of the fair, the animal will be taken to a site as determined by the appropriate livestock committee. The exhibitor will maintain financial responsibility for the animal until it is taken to slaughter.
- 11) If a situation occurs during the fair, and the animal needs treatment, the exhibitor will discuss with the fair vet the necessary treatment to be taken. A decision on whether or not the animal will be permitted to show or sell will be made thru consultation with the Fair Vet, the Senior Fair Board, and the Sale Committee.
